

STEWARD DECISION Nr 2

From: The Stewards
To: Competitor of car Nr 1, Russian Performance Motorsport

Document: 2.4
Date: June 15th 2018
Publication Time: 19:30

The Stewards, upon receiving from the FIA Technical Delegate a report (Report on car nr 1, including a technical data sheet for item AiM SmartyCam GP HD Rev.2.1) and subsequently having summoned and heard the competitor represented by the driver Alexei Lukyanuk and two team representatives (summon Nr 2), have considered the following matter and after due deliberation, determine the following:

Driver and car nr: Alexei Lukyanuk, car nr 1

Competitor: Russian Performance Motorsport

Time (fact): June 15th 2018 – 10:30 TC before Qualifying Stage

Fact: Data acquisition system affixed in the car

Offence: Breach of following articles of International Sporting Code Appendix J:
Article 261.03-2: Presence of unauthorised data acquisition system onboard the car
Article 261.324-a3: Only sensors/actuators homologated in VR5 must be used
Article 261.324-a4-5: Any data recording must be homologated in VR5.

Decision: According to Article 12.3 of ISC decide to levy a fine of **7500 (say seven thousand five hundred) euros** to competitor Nr 1 to be paid within 48 hrs on the website <https://fiafines.fia.com>. Furthermore, if such infringement would be repeated by the above competitor in any 2018 ERC event, then the above competitor would be penalized by the withdrawal of 39 points in ERC classification.

Reason: According to the above-mentioned articles of Appendix J and/or any other article pertaining to the above infringement any non-homologated data acquisition system is forbidden onboard a VR5 car. During the hearing, the competitor contended that the apparatus in question is purely a camera equipped with an additional GPS system. However, the technical data sheet of the manufacturer and the opinion and statement of the FIA Technical Delegate, convince the Stewards that this apparatus is a data acquisition system too as it is equipped with a tri-dimensional 5G accelerometer.

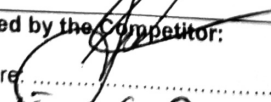

The Competitor is reminded of his right of appeal and his right of review as stipulated in 2018 FIA International Sporting Code and in the 2018 FIA Judicial and Disciplinary Rules.
